## Parent Committee Descriptions

**DAC** - The **District Advisory Committee** encourages parental involvement in learning about and providing feedback regarding the District Local Control Accountability Plan (LCAP). Each site is allotted one parent representative, and one alternate. Elections for DAC representatives will take place during Back to School Night.

After attending monthly DAC meetings at the District Office, representatives report information back to their school's SSC via email, or by attending the SSC meetings. DAC agendas and meeting minutes are distributed monthly in English and Spanish. DAC meetings are open to all parents; however only elected representatives are voting members.

**DELAC** - The **District English Learner Advisory Committee** encourages parental involvement in learning about and providing feedback regarding the District's English Learner (EL) program. DELAC representatives provide a connection between the District ELAC and the school's ELAC. Each site is allotted one parent representative, and one alternate. Elections for DELAC representatives are held at the school's first ELAC meeting.

After attending monthly DELAC meetings at the District Office, representatives report information back to their site SSC and ELAC via email, or by attending these meetings. DELAC agendas and meeting minutes are distributed monthly in English and Spanish. DELAC meetings are open to all parents; however only elected representatives are voting members.

**ELAC** - **English Learner Advisory Committee** meets bi-monthly to learn about and provide feedback regarding the school's English Learner (EL) program. This is an opportunity for families to learn about the program's legal requirements, review overall EL progress, and discuss interventions/supports needed for student success and achievement. The ELAC is run by an elected board which is elected along with the DELAC representatives at the school's first ELAC meeting.

**SSC** - **School Site Council** is an elected 10 member group: the Principal, 3 classroom teachers, 1 non-classroom staff member, 5 parents. The SSC meets monthly to ensure that all supplemental resources are focused on providing a strong academic program that ensures student success and achievement. This includes reviewing student progress, test scores, school budgets, school safety, district updates, and the Single Plan for Student Achievement (SPSA). School Site Council meetings are held the second Wednesday of each month from 2:45 to 3:45 PM. SSC meetings are open to all parents; however only elected representatives are voting members. We currently have two parent seats open of two-year terms and elections for SSC will take place during Back to School Night.
